## Tyres

Check your tyres are pumped to their correct pressure and are in good order. As a rule of thumb, they are good for 5-6 years. We recommend changing to avoid blow outs if older than this.

## Caravan service

Ensure your caravan is in good shape. At Swift, our undercarriage service includes a checklist of around 40 different items on your chassis and suspension system on our specialist hoists.

Our bookings are filling fast. Any servicing required before Christmas needs to be booked ASAP and no later than 15/12/17.

## Some other quick checks to get ready

Don't forget to:

- Fill your gas bottles and check your stove and fridge are working
- Check your battery is fully charged
- Confirm your lights are working on the caravan and tow vehicle
- Stock up on your essentials but be mindful of your weights.

## New Storage Site

Swift is opening a 2<sup>nd</sup> storage site at Hastings. Sites will be available from around 2<sup>nd</sup> quarter 2018.

If you or an associate live along the Mornington Peninsula or in the Dandenong / Cranbourne / Pakenham areas and are seeking caravan storage give us a call on 0417 084 602 to be put on the waiting list.

## Handy Hints

We have a series of simple to read notes on common caravanning questions.
